Hey Rob,

Thank you for providing this agenda for 6/29. We're taking a look over this and will let you know if we have any revisions or if we need clarification on anything.

For the 6/28 modeling meeting, we plan to use the agenda provided in late May (File named "20160524 CPG Proposed Agenda - LPRSA Modeling Meeting.docx"). However, I would like to know if there is a more specific list of comments where you would like clarification, similar to how CPG drafted the agenda for last week's RI comment meeting and the Bioaccumulation modeling meeting.
